money for speculative purposes.

LIQUIDATION THOROUGHLY COMPLETED. Developments in every direction favor further recoveries in the se-

duplicated what had already taken place in London. The same operation had been in progress in Berlin, where it has apparently not yet been entirely completed. The enormous shrinkage in values as repre-

sented by the market quotations of securities has certainly more than discounted any change in actual conditions. Conservative interests have recently appeared as buyers of stocks, believing that the clump

was overdone, just as the bull market of last Spring was carried too

far. Government deposits to the amount of about \$5,000,000 weekly

which are being made will naturally prevent any further "kiting" of

MONEY AT 2 PER CENT.

Small Volume of Offerings the Notable Feature of.

the Trading.

Although the majority of stocks closed ome what under the best prices of the day. remarkably clear and strong undertone during the entire day. A notable feature trading was the dearth of securities. Comparatively few stocks were for sale at existing prices. The strong bands into which the floating supply of stocks naturally fell during the recent slump in prices will not be apt to relinquish their holdings at anything like the present level of quotations. All of the weak elements in he market have been eradicated. A more pfident feeling is everywhere in evidence. undefined sentiment exists that the news which can be known has al
